DAIMLER ENVIRONMENTAL
STEWARDSHIP

HON. VIRGINIA FOXX

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 11, 2014

Ms. FOXX. Mr. Speaker, I rise today to congratulate Daimler Trucks North America for being named an Environmental Steward by the North Carolina Department of Environment and Natural Resources.

This award, which goes to "an organization that has demonstrated environmental leadership through its commitment to exemplary environmental performance beyond what is required by regulations," was given for its environmental performance at its Cleveland, N.C. plant, which builds Freightliner trucks. Only 16 facilities in North Carolina have achieved this recognition.

Daimler Trucks was recognized for eliminating hazardous wastewater sludge and reducing energy usage by 43 percent since 2008. The board also cited the facility's elite status as one of the nation's few manufacturing plants to send "zero waste" to landfills and noted Daimler's "commitment to continual improvement."

Mr. Speaker, we are proud to have this great facility in North Carolina's fifth district and I thank Daimler Trucks North America for its exceptional environmental stewardship.

RECOGNIZING THE GATEWAY
FOUNDATION

HON. BILL FOSTER

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 11, 2014

Mr. FOSTER. Mr. Speaker, I rise today to congratulate the Gateway Foundation on its renewed accreditation by The Joint Commission. Since 1968, the Gateway Foundation's Alcohol & Drug Treatment Centers have helped thousands of individuals and their families formulate comprehensive and cost-effective treatment plans to battle addiction. Gateway's unique treatment approach, which focuses on both the mind and body, has allowed them to help individuals struggling with addiction lead full and healthy lives.

The Joint Commission is the leading accrediting organization for hospitals and behavioral healthcare organizations. To achieve accreditation, healthcare organizations like the Gateway Foundation have to be thoroughly assessed by health care professionals. The evaluation is based on a series of areas including how the organization educates its clients on treatment risks and options, whether or not the organization provides a safe treatment environment and how well the organization monitors a client's condition before, during, and after treatment. The Gateway Foundation excelled in these fields, receiving the Joint Commission's Gold Seal of Approval.

The Joint Commission evaluation included 11 Gateway locations throughout Illinois, including several in Chicago, one in Aurora, and one in Springfield. It also ensured that thirty of Gateway's alcohol and drug treatment programs targeting men, women, and teens, will be available for the next three years to those in need.

Mr. Speaker, I ask my colleagues to join me in recognizing the achievements of the Gateway Foundation, and to congratulate them on receiving accreditation from The Joint Commission for their commitment to providing high-quality care and treatment.

TRIBUTE TO PATRICIA MULROY
ON HER RETIREMENT

HON. GRACE F. NAPOLITANO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 11, 2014

Mrs. NAPOLITANO. Mr. Speaker, I rise today to honor and recognize Patricia Mulroy on her retirement after twenty-five years of tireless work for Nevada and the Colorado River as General Manager of the Southern Nevada Water Authority (SNWA).

For over a quarter century, Pat Mulroy has been a dedicated partner in protecting and preserving the Colorado River Basin for varying interests. She is a determined advocate for the water needs of what once was a sleepy railroad town called Las Vegas. This was no easy task; she represented the driest state in the Nation with the smallest allocation from the River. Yet Clark County, where Las Vegas is located, grew from 900,000 in the early 1990's to 2.7 million during her tenure at SNWA. Under Mulroy's leadership, this community embraces water conservation as their primary means of finding "new" water.

It has been said that the ultimate measure of a man or woman is not where he or she stands in moments of comfort and convenience, but where he or she stands at times of challenge and controversy. Despite the challenges, she has been involved in almost every major water policy development on the Colorado River since the 1980's, including the historic 2007 Colorado River Interim Guidelines for Lower Basin Shortages. But perhaps, her closing act may be the most important of them all. In December 2013, Pat helped negotiate Minute 319 to the 1944 Treaty with Mexico—a momentous binational agreement to guide future management of the Colorado River through 2017.

The Colorado River Basin is better today thanks to the work of Pat Mulroy. As she
